Manifesto for Agile Software Development

- Individuals and interactions over processes and tools
- Working software over comprehensive documentation
- Customer collaboration over contract negotiation
- Responding to change over following a plan

from <http://agilemanifesto.org/>

Responding to change

Dan Gilbert, professor at Harvard, says:

We do not like the changes!

WHY?!

In Progress

Agile coaching

- Training
- Team coaching
- Executive coaching

Coach your team and managers
And they will handle everything else in a professional way.

Change or Fear Management?

Non of them:

- In Scrum backlog management
- Dan Millman is just surfing
- Or just be creative

People love the easy way

But is it the right way too?

...unfortunately not too frequently
